## PROFESSIONAL SUMMARY

Motivated Flutter Developer and Team Lead with **3+** years of experience in cross-platform mobile app development and **2+** years leading teams to deliver high-performance applications. Expertise in Flutter, Dart, Firebase, and modern architectures (BLoC, MVVM, Clean). Proven track record in optimizing workflows, resolving technical challenges, and deploying scalable apps for Android, iOS, and Web. Strong focus on UI/UX design, RESTful API integration, and Agile project management.

## TECHNICAL SKILLS

- **Programming Languages:** Dart, Java, Kotlin, Swift
- **Mobile App Development:** Flutter, Android SDK, iOS
- **UI/UX Design:** Material Design, Cupertino Design, Adobe XD, Figma
- **Version Control:** Git, GitHub, Bitbucket
- **Database:** SQLite, Firebase, AppWrite
- **API Integration:** RESTful APIs, JSON, XML
- **Tools:** Android Studio, Visual Studio Code, Git, JIRA, Postman, Xcode
- **Testing:** Unit Testing, Widget Testing, Integration Testing

## PROFESSIONAL EXPERIENCE

### Software Engineer

Chetu India Pvt Ltd

07/2021 – Present, Noida, India

- Led a **07**-member team to deliver **10+** cross-platform apps using Flutter, improving client satisfaction by **30%** through on-time delivery.
- Integrated Firebase for authentication, real-time databases, and push notifications, reducing backend development time by **25%**.
- Implemented BLoC/Clean Architecture to decouple business logic from UI, enhancing code maintainability and scalability.
- Collaborated with UX/UI designers to build responsive apps, achieving **4.5/5** user ratings on Google Play/App Store.
- Reduced API response time by **20%** by optimizing RESTful API integrations and data serialization (JSON/XML).

## EDUCATION

### Master of Computer Applications

Jaipur National University

08/2019 – 08/2022, Jaipur, India

## CERTIFICATIONS

- **GNIT in Cloud and Mobile Software Engineering**  
NIIT Technologies Limited | Issued Oct 2019
- **Flutter Course - iOS Android Apps**  
LearnCodeOnline.in | Issued Jan 2021

## PROJECTS

### **MyCV (09/2024 – Present)**

- Technology Stack: Flutter, Dart
- Architecture: Clean Architecture for maintainability and scalability
- State Management: BLoC and Clean architectures to separate business logic from UI
- Responsive UI: Designed a fully responsive layout adaptable to various screen sizes
- Performance Optimization: Ensured smooth animations and efficient state management
- Deployment: Successfully deployed on Web and Mobile platforms

### **GitX MVVM Architecture (06/2021 – 08/2021)**

- Implemented MVVM (Model-View-ViewModel) architecture to separate UI from business logic.
- Improved app maintainability, scalability, and testability.

### **Flutter BLoC Pattern (08/2021 – 10/2021)**

- Implemented BLoC (Business Logic Component) pattern to manage state in applications.
- Separated UI from business logic, making the app easier to maintain, test, and scale.

### **WhatsApp UI Clone (08/2020 – 10/2020)**

- Developed a clone of the WhatsApp user interface, focusing on key features like home page, status page, and messaging functionality.
- Designed a responsive and intuitive UI, replicating the original app's design and user experience.

## ADDITIONAL DETAILS

- **Languages:** English (Fluent), Hindi (Fluent)
- **Soft Skills:** Teamwork, Communication, Problem-solving, Agile Methodology, Time Management
